# 第五屆品德教育傑出教學變

陳饒欣老師、黃泳盈老師及吳兆銘老師於 2021-2022 年 度参加了由教育局與南聯教育基金合辦之「第五屆品德教育 傑出教學獎」,經過兩輪評審,榮獲「傑出教學獎」殊榮。

本校因應社會轉變和學生的成長需要,在2020-21 學年 開設了「生活教育科」,取替了原有的「德育公民科」。生 活教育科以培育學生持守正面的價值觀,實踐良好的生活態 度和行為為主要學習目標,而是次參加比賽之主題為「國民 身分認同」,這正是本校上學年重點培育的價值觀之一。

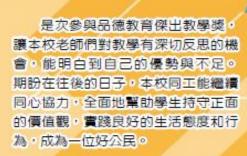

當時正值奧運和中國載人飛船升空,我們便「以情導入」,讓學生透過觀看中國及香港運動員在奧運的比賽、神舟十二號載人飛船升空完成進駐太空站等片段,體會民族自豪威,從而建立國民身份認同。之後再配合由本校老師創作的主題曲、生活教育課、跨科組協作等,幫助學生藉着認識自己與中國人的共同特徵,從認知方面知道自己是中國人。藉着認識中國經教科文組織列入《人類非物質文化遺產代表作名錄》的傳統文化,例如:粵劇、書法、剪紙、篆刻等,並在視覺藝術課和音樂課讓學生去嘗試和體驗,從而讓學生明白中華文化的博大精深。透過讓學生認識當前中國的發展與成就,從而產生情感的觸動,培養出愛國情懷。又藉着在升旗禮中展現合宜的舉止、關心國家的新聞時事、參與內地姊妹學校交流活動等,以實踐行動表現對國民身份的認同。

在課堂以外,生活教育小組舉辦了「我在祖國的時光」相片徵集活動,把學生和家長在祖國生活或旅遊的相片展示在壁報板上,並從照片中標示出中國的一些地標性建築物,藉此增加學生對祖國的認識。在各個樓層的走廊位置,小組又張貼了「國事小專家」的問答題, 源學生能善用課餘時間增進國事小知識,在美化校園的同時進行環境教育。

此外,生活教育小組亦舉辦了一個全校性活動「港人港 地知多啲」,活動內容包括打功夫、製作傳統美食、自製陀 螺等,希望藉着這些體驗活動讓學生對舊日香港的生活多一 些了解,同時讓學生在追源溯本後,明白這些香港特色都是 源自中國,突顯香港與中國有密不可分的關係。

# The 5<sup>th</sup> Outstanding Teaching Award for Moral Education

Panels of the Life and Value Education programme, Ms. Chan Hiu Yan, Ms. Wong Wing Ying and Mr. Ng Siu Ming participated in the 5<sup>th</sup> Award Outstanding Teaching Award for Moral Education co-organized by the Education Bureau and Winsor Education Foundation in 2021-2022 cohort. Having been assessed for two rounds, "Outstanding Teaching Award" was awarded.

In response to social change and satisfy students' growth needs, the school started offering Life and Value Education to students in 2020-21, which replaced Moral and Civic Education. Nurturing students to take hold positive value, putting good attitude and behaviour into practice are the main learning objective of Life and Value Education. "National Identity", the value cultivated particularly in the last school year, is the theme of the competition this year.

Back then, it was the time the launch of the Olympic Games and the Chinese manned spacecraft. Thus, we "led students with emotions" by providing them videos of Hong Kong athletes competing in the Olympic Games and the Shenzhou-13 launching to the space station so that students' national pride and sense of national identity could be instilled. Then, with theme songs composed by our teacher. Life and Value Education lessons and the teaching across the curriculum, we helped students to recognize the similar characteristics between oneself and Chinese and perceived themselves as Chinese cognitively. We aspired students to try and experience Chinese traditional culture, which was inscribed on the Representative List of the Intangible Cultural Heritage of Humanity recognized by the UNESCO, in visual arts and music lessons. Cantonese opera, calligraphy, paper cutting, seal engraving were the arts that led students to know the broad and profound Chinese culture. We introduced recent development and achievements of China in order to touch some chord of emotion and boost patriotism. As action always speaks louder than words, teachers have been encouraging students from performing proper etiquette in flag raising ceremonies, alerting national headlines to joining Sister School Scheme so as to strengthen students' recognition of national identity.

Outside classroom, the Life and Value Education group organized a photo collection campaign named "My time in the Motherland". Photos of students and their parents living or travelling in China were displayed on the bulletin board. Landmarks were clearly shown to deepen students' understanding to the country. Also, questions and answers of the interactive quiz game "Little National Affairs Experts" were stuck on the corridor each floor. Thus, students could make use of the spare time in school to play the game in furtherance of developing the sense of national identity, not only could we beautify the campus but also conduct environmental education simultaneously.

Besides, a school-wide event "More about Hong Kong Property for Hong Kong People" was arranged by the Life and Education group. Activities including kung fu, making traditional foods and spinning tops et cetera were prepared for students to reminisce the old Hong Kong and trace the origin about the past. Meanwhile, students could understand that the culture in Hong Kong was originated from China and thus showing the inseparability between Hong Kong and China.

Competing in the Outstanding Teaching Award for Moral Education provided an opportunity for thorough teacher reflection in order to recognize our strengths and weaknesses. Together, we would keep on nurturing students to keep positive values diversely and extensively as well as guiding our students to put good positive attitude and behavior into every day practice so as to become a good citizen.
